THE SEA

Treasure the astonishing spectacle offered by Minorca's marine paradise. From cliffs to hidden inlets with white sand beaches, you will have the privilege of enjoying the island like a local.

Our experience *The Sea* offers the possibility of exploring Minorca's coastline aboard our llaut, a traditional boat that manned by its captain, allows you to immerse into a natural paradise of unique Mediterranean biodiversity: a rich variety of fish, local crustaceans and the endemic posidonia seaweed, are just a taste of what awaits.

Our boat Talatí, which is 14m long and 4,5m wide, offers the privilege of enjoying a few hours of navigation along the Menorcan coast, surrounded by wonderful panoramic views. You will enjoy little details such as walking barefoot on its natural wood floors, lying in the sun in its spacious bow area or listening to chill music while enjoying an appetizer at sunset in the cozy deck chairs.

- Llaut 145 MY Fly
- Length 14m
- Command 4,5m
- Max. capacity 8
